

**Authorized Retreads**

# Precure Deep Trac 22

Regional and Line Haul Drive Applications

- Goodyear exclusive precure tread compound - developed to provide good traction and good treadwear in Industry Standard tread designs
- Over lapping “I” bar lugs for smooth on-highway riding with good lateral and directional handling stability
- 3-lug element pattern, with blades and slots in tread pattern for good wet or dry traction on-highway, with open shoulder for improved mud & snow traction
- 22/32” tread depth
- Available as “special order” in precure tread siped where additional traction is required in everyday operation
- Limited Mixed Service applications in loose soil operations
