

Authorized Retreads

Precure G362™

Tread Design Enhances Traction

- Goodyear's long wearing tread rubber compound provides traction & handling equal or better than the similar new Goodyear tire
- 26/32" tread depth for long wear with lug element tread sipes for traction
- 16-sided "H" shaped tread lug – mud, snow or "slushy" traction
- Solid shoulder ribs – quiet ride, good highway ride, firm cornering
- Stone penetration protectors in each groove – reduces rock or stone holding, reduces chipping and flaking of the tread face
