

## Authorized Retreads

# Unicircle® G305® LHD™

Featuring FuelMax® Technology  
Innovative Retread That Helps  
Balance Fuel Efficiency And  
Mileage.

- Spliceless Unicircle construction offers enhanced treadwear, helps promote uniformity and enhances adhesion to the casing.
- 24/32" tread depth helps reduce rolling resistance and offers a superb balance of fuel economy and mileage for a low cost per mile.
- Large, stable blocks help deliver fuel efficiency and even wear.
- Two wide circumferential grooves, extended lateral grooves and non-evolving tread design help deliver all-season traction on wet, snowy or dry roads.
- Closed shoulder design helps promote even wear throughout the life of the tire.
- Cool-running, dual-compound construction helps reduce the amount of energy generated within the tread for low rolling resistance.
