

Authorized Retreads

Precure G287 MSA™

**Versatile Retreads for Mixed Service
and Waste Haul Applications**

- **Goodyear exclusive Precure tread rubber compound provides cut, chip and flaking resistance for on and off road applications**
- **Equal similar new tire designs for long treadwear per 32/nd" tread depth**
- **8-sided shaped elements on center-line– for good mud, “slushy” or snow traction - equal or better than the similar new Goodyear tire**
- **3-tread grooves to keep water and debris from tread face and to maintain traction**
- **Solid shoulder allows quiet ride on highway, good tear resistance in off road operation**
- **Centerline stone penetration resistant elements at bottom of tread groove**
- **26/32” tread depths**
