

Authorized Retreads

Mold Cure G314™

**Helps Promote Even Wear in Line
Haul and Regional Trailer
Applications**

Goodyear's exclusive tread rubber compounds and original equipment-level tread designs provide:

- 8-sided and 12-sided tread rib elements – improved highway stability and reduces “wander”
- Tread slots and sipes to improve wet or dry traction - traction & handling equal or better than the similar new Goodyear tire
- Solid shoulder ribs – quiet ride, good highway ride, firm cornering
- Treadwear per 32nd” similar to new tires
- Stone penetration protectors in each major shoulder groove – reduces rock or stone holding, reduces chipping and flaking of the tread face
